## Lacoste Laconics.

Last Sunday morning a crowd of young and old folks, namely, the Lacoste Civic Club, left for the beautiful pecan bottom of Wm. Santleben, where the day was spent in picnicking. Everything one could wish for in the way of good things to eat and drink were in abundance and was greatly enjoyed by all present. This was an outing that will long be remembered by those present, and especially the kindness shown the club by Messrs. Weber and Santleben. At 3:00 p. m. a meeting of the club called and six new members were admitted. The club was long in coming, but it is progressing rapidly, and it is hoped that the club will continue to grow as its purpose is the betterment of the public school and the town, as well as for the enjoyment of its members. So boost for Lacoste and the Civic Club. The next meeting will be held Sunday, August 15, at 3:00 p. m., at the school auditorium. As the election of officers and other business of importance is to come before the meeting all members as well as patrons of the school and friends of civic improvement, are urged to be present. Owing to the county meeting of the shooting club coming on our regular meeting day, we had to postpone our meeting until the third Sunday in August.

Last Saturday night a party composed of Miss Regina and Robert Mangold of this place; Misses Cornelia, Cedalia, Alveria and Alvin Wurzbach, Alfred Mangold, Julius Becker and Mr. and Mrs. Otto Wurzbach of Cliff; and Albert Salzman, Henry Wernette, Gertrude Huggie and Agnes Schmitt of San Antonio took in the excursion to Corpus Christi, and report a most delightful trip.

The W. O. W. dance given here Saturday night was largely attended, parties coming from far and near. Every one went home after a fine night's enjoyment, wishing another one soon.

Hy. Gross, Louis Gross and family, Ed. Schmidt and family and Miss Annie Gross autoed to the Gross Bros' ranch near D'Hanis Sunday, where a pleasant day was spent.

Mrs. Blanke and children of San Antonio are here on a visit to Mr. Louis Luckenbach and family.

Alex Haby of Castroville has accepted a position with Contractor Reyman at this place.

## Public Speaking.

## Eric Orlando Peterson.

On last Wednesday evening (July 14) at about five o'clock, Eric O. Peterson, son of Prof. P. B. Peterson and wife of Hondo, lost his life by drowning in the neighborhood of Elstone, 9 miles southeast of town. Not until several minutes after the drowning was the loss of the boy discovered. At once the alarm was given by phone and efforts were made to recover the body. Because of the great depth of the water, the body was not found until 9:30 o'clock.

The funeral service was conducted Thursday evening at the grave yard at 6:45 o'clock by Rev. Luther B. Moore, pastor of the Baptist Church, assisted by Rev. Jno. M. Alexander, pastor of the Methodist church. A large number of friends were present to express their sympathy for the bereaved parents and relatives.

Eric Orlando Peterson was born in Fannin, Texas, August 31, 1899. He professed conversion at a revival meeting at Hico, Texas, in June, 1913, and was baptized at this place in August, 1914, uniting with the Hondo Baptist Church. He departed this life July 14, 1915, aged 15 years, 10 months, and 13 days.

Those who knew him best recognized in him a promising youth, one to be esteemed for his devotion to his mother, his considerate treatment of others, and his general Christian conduct.

May the Lord minister comfort to the parents and relatives who sustain his loss.

## Yancey News.

After an absence of several weeks I will send in a few items of news.

Several new immigrants arrived and made their homes with families of Yancey, to wit: a little baby girl at J. M. Bandy's, another one at J. W. McCaughan's on Friday, and Monday a baby boy at George Fasel's.

F. W. Bohmfalk went to Hondo Sunday, returning Monday, accompanied by his wife, who had been at the Kenney Sanatorium for the past three weeks, where she had undergone a serious operation. Her friends are glad to hear of her complete recovery.

H. G. Wilson, N. W. Ward and son, Louis, went to Ft. Worth with several car loads of fat steers.

H. A. Jones and family and B. C. Harrell and family visited homefolks at Tarpley Sunday.

Mrs. James Ralph and Seth Howell were shopping in Yancey Tuesday.

F. D. Muennink and family spent several days visiting relatives at New Fountain.

Mr. and Mrs. Aleck Hicks of San Antonio are visiting friends and relatives in Yancey at present.

A protracted meeting of the Baptist denomination is going on at the Butts Settlement.

The meeting at the Methodist church at lower Tehuacana will begin July 18th, and will last until July 25th. Services will be conducted by Bro. Johnston of Uvalde.

Bro. Braden visited at Hondo Tuesday.

## Base Ball Buglets.

Some team we are sporting now-a-days.

It is said "Speck" Beal couldn't be choked off that Eagle Pass trip. But the gang was glad of it before they got back.

Our players are nothing if not sports. A crowd went to Mexico Sunday last and bought some of the "Spigotty" army hundreds of dollars worth of refreshments. Fifty dollars for one cigar was nothing, which is going some, I claim.

"Slick" was so proud of himself at Eagle Pass that he had some intentions of buying Eagle Pass and moving it to God's country.

The crowd at Sabinal are certainly getting raw during a game. They shouldn't take their pleasure quite so seriously. For, from their actions during last Thursday's game, one would be excused if he supposed they were simon pure rough-necks.

## Notice to Beekeepers.

Our quarterly meeting being held on the 31st of this month at the court house you, as progressive beekeepers, are requested to be present.

Respectfully,

H. J. NESTER,  
Sec. and Treas., Medina County  
Beekeepers Association.

## Base Base.

The team went to Eagle Pass Thursday to play Friday and Saturday, for a series of three games with the 17th Infantry, and captured the entire flock of games by scores of 2-4, 1-6 and 7-8. McLean worked the first game, Redus the second and both won their respective games with ease. Pegues started the third game against the Infantry, but at the same time he had a severe brain storm, and when he came to the enemy had circled the bags for six tallies. Carle happened to be on the ground, and "Slick" did some tall rustling to get a suit for him, having to pull a player out of the game and change things around considerably. Carle went in as cold as a wedge, but nevertheless he held them nicely. In the 4th and 5th Hondo tied up the game by a desperate batting rally. The game rocked on until the eleventh when Hondo got one, but the soldiers came right back and tied it up again. Hondo, not to be denied, however, came right back in the 12th with a lone score, which the soldiers were unable to match, hence the game for Hondo. Carle pitched a wonderful game when it is considered that two days before he pitched a full nine-inning contest, and this day he drove overland to Eagle Pass on a fearful hard trip, getting there only an hour before the game.

The team journeyed to Spofford Monday for a game with the team of that town, which they won with ease, 9-16. Redus pitched this game, and when he found Hondo could score at will he lobbed the ball over and let 'em hit it out. His arm was stiff and sore from Saturday, any way, so he just gave Spofford a little batting practice after Hondo was ten runs in front. The team by this time was nothing but a lot of cripples—skinned knees, sore arms and stove-up legs predominating. But as they had another game in their system they gamely went to it, so they were Sabinal bound Tuesday, and there they met the only reverse of the trip—Sabinal 2, Hondo 1. McLean pitched this game for Hondo, and from all accounts he deserved to win, but two plays that Empire Biggs didn't see just aight, hurt very much, in fact, they won the game for Sabinal.

Altogether it was a most successful road trip, the boys doing themselves proud, even if they had to make the trip deprived of the services of Bradley, Miller and Filleman. Out of five played on the road they won four, which is playing some ball, I think. The best record they made, however, was last week, when they won six out of six played.

Officers and men of the 17th Infantry are all agreed that Hondo has the best ball team that they ever saw or played against, and are loud in the praises of the clean class of ball put up by the Hondo bunch.

The boys were entertained royally by the soldiers, and it is reported that several of the players entertained serious thoughts of staying with the 17th permanently.

The team of the 17th will play here on or about the 23d of this month, and with them will come Lieut. Devore, perhaps the most famous athlete ever turned out of West Point, he being an All-American tackle in 1911-12. If the people of Hondo care to see a real, sure-enough man, turn out and take a "slant" at him. He is as big as a horse and twice as wide.

## D'HANIS 9, HONDO 5.

Thursday the team had a game scheduled at de Montel Park with D'Hanis, but owing to the funeral and out of respect to the late Eric Peterson, this game was transferred to D'Hanis.

Miller started this game and his offerings were what D'Hanis enjoyed. They slammed 'em to all parts of the lot, so "Slick" gave him the hook and "Brad" went to the rescue. But the damage had already been inflicted on our noble warriors, and try as they may they were unable to even up the score that D'Hanis grabbed.

De Montel and Starnes had an off day, the first named "hombre" dropping two that hurt, and the "guy" with the piano legs dropping one.

Under the tutelage of "Trapper" Longley D'Hanis has a nice working bunch of youngsters. Trapper has eliminated nearly all the old bunch, and has made over the team with school boys, but he has them trained to do what he says, and as a consequence they play ball instead of talking so much. This same bunch of boys went to Sabinal

last week and "trimmed" that team to the tune of 3-0, so it must not be a fluke by which they beat Hondo. At least all the Hondo boys say that they simply were outplayed in every department of the game.

Battered: D'Hanis, Koch and Koch; Hondo, Miller, Bradley and Pegues.

## F. F. F. Club Meets.

On Monday, June 12th, the home of Mr. and Mrs. Charles Filleman was the scene of much merriment, the occasion being an F. F. F. party given by Misses Marie and Dora.

Upon arriving, the guests were received in a most charming manner and were then conducted to the sitting room, where after all had assembled, the usual 42 games took place.

Much excitement reigned until the jolly games were dispelled by the declaration that "eats" were soon to be served, and everyone did justice to the refreshments, which consisted of delicious pineapple cake, angel food and ice cream.

After which they took their departure, hoping that Marie and Dora would soon invite them to another such treat.

Those present were: Misses Christine Pike, Ethel Gaines, Dorothy Harris, Lorine and Lucile de Montel, Lizzie Schuehle, Ella Hardt and the hostesses, Marie and Dora Filleman. Guests of the Club: Misses Mabel Hollaway, Della Koch, Helen Enderle, Corine Ney and Mr. Steve Filleman.

The next meeting will be with Miss Ethel Gaines and all members are urged to be present.

## Missionary Society.

The Woman's Missionary Society met at the church Monday afternoon, July 5th, in its regular business meeting. Nine members answered to roll call. Not many reports were made as a number of the officers were absent. The report of the social service committee was very good, showing that

the members of that department are not idle. After a devotional service consisting of scripture reading, songs and prayers the meeting closed by all repeating the class motto: "I can do all things through Christ which strengtheneth me."

Or, if said voter shall have lost or misplaced said tax receipt, he shall be entitled to vote upon making affidavit before any officer authorized to administer oaths that such tax receipt has been lost. Such affidavit shall be made in writing and left with the judge of the election. If any qualified voter in this State shall have personally paid his poll tax in the county and precinct of his residence, or secured an exemption certificate showing that he is exempt from paying a poll tax, he shall be permitted to vote in the county in which he may be on election day on any proposition which may have been submitted to the voters of the entire State, and for any office to be filled by the voters of the entire State; also for members of either branch of the Legislature and Congress and judicial officials; provided, no voter shall vote for members of either branch of the Legislature, Congress, or judicial officials outside of the legislative, congressional or judicial district of such voter's residence, and nothing herein shall permit a voter to vote at any place other than his residence, if he be within the county of his residence on election day. Any person offering to vote in any county other than the county of his residence shall deliver to the election managers his poll tax receipt or exemption certificate, who shall retain same until the following day, and then mail same to the person depositing same to any address he may name; and in addition to depositing the poll tax receipt or exemption certificate, such person so offering to vote shall make an affidavit:

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in July, 1915, the same being the twenty-fourth day of July, 1915, and the Governor of this State is hereby directed to issue the necessary proclamation for said election, and to have same published, as required by the Constitution and laws of this State. Sec. 5. The sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State treasury not otherwise appropriated, to defray the expenses of such proclamation, publication and election.

# SENATE JOINT RESOLUTION NO. 18.

A Joint Resolution proposing and submitting to a vote of the people of Texas an amendment to Section 52, of Article 3, of the Constitution, authorizing the issuance of bonds for public improvements, and levying of a tax to pay the interest and sinking fund on same, and for maintenance.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 52, of Article 3, of the Constitution of the State of Texas be amended so as to hereafter read as follows, to-wit:

Section 52. The Legislature shall have no power to authorize any county, city, town or other political corporation or subdivision of the State, to lend its credit or to grant public money or thing of value in aid of, or to, any individual, association or corporation whatsoever, or to become a stockholder in such corporation, association or company, provided, however, that under legislative provision any county, or any defined district now or hereafter to be described and defined within the State of Texas, which may or may not include towns, villages, or municipal corporations, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory to be affected thereby, in addition to all other debts may issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such district or territory, except that the

total bonded indebtedness of any city or town shall never exceed the limits imposed by other provisions of this constitution; and levy and collect such taxes to pay the interest thereon and provide a sinking fund for the redemption thereof as the Legislature may authorize, and in such manner as it may authorize the same, for the following purposes, to-wit:

(a) The improvement of rivers, creeks and streams to prevent overflows, and to permit of navigation thereof, or irrigation therefrom, or in aid of such purposes.

(b) The construction and maintenance of pools, lakes, reservoirs, dams, canals and waterways for the purposes of irrigation, drainage or navigation, or in aid thereof.

(c) The construction, maintenance and operation of macadamized, gravelled or paved roads and turnpikes, or in aid thereof.

Provided, however, that under legislative enactment any defined district now or hereafter to be described and defined within the State of Texas, which may be formed for the purpose of reclaiming and improving overflowed and swamp lands in this State, and maintaining the improvements thereof, may, upon a vote of two-thirds majority of the resident property tax payers voting thereon who are qualified electors of such district or territory, in addition to all other debts, issue bonds or otherwise lend its credit in any amount not to exceed fifty per cent of the assessed valuation of the real property in such district or territory.

Provided, further, that where a county, district or other political subdivision has issued bonds for improvements for the purposes named in this section, the Legislature may authorize the levy and collection of taxes for the maintenance of such improvements, not to exceed fifty cents on the hundred dollars valuation in any one year.

Sec. 2. Provided the Legislature may establish junior agricultural college subsidiary to the Agricultural and Mechanical College and under the control of the Agricultural and Mechanical College Board.

Sec. 13. Of the land heretofore set apart to the University and to the University and its branches by the State of Texas, and remaining unsold, there are hereby transferred to and made a part of the permanent fund of the Agricultural and Mechanical College of Texas six hundred thousand acres of land of average value; there are hereby transferred as a permanent fund to the Prairie View State Normal and Industrial College one hundred and fifty thousand acres of land of average value; and all of the remainder of the said land shall constitute a part of the permanent fund of the University of Texas. The land herein set apart to the University, the Agricultural and Mechanical College of Texas and the Prairie View State Normal and Industrial College may be sold under such regulations, at such times and on such terms as may be prescribed by law. The Legislature shall provide for the prompt collection at maturity of all debts due on account of the sale of said lands, and in no event shall any relief be granted to any purchaser.

Sec. 14. All lands and other property heretofore granted or herein granted to the Agricultural and Mechanical College, together with the proceeds of the sale of such lands, shall constitute its permanent fund. All the income derived therefrom shall be the available fund and shall be applied to the support and development of the Agricultural and Mechanical College and to meet its obligations. Sec. 15. The College of Industrial Arts for White Girls located at Denton, in Denton County, Texas, is hereby established and recognized as an independent college, and the Legislature shall provide for its organization, maintenance, development and permanent improvement and shall make, by appropriation and otherwise, such provision in addition to that heretofore made as may be necessary for the establishment and maintenance of a first class college, for the education of white girls in the literary branches, the arts and sciences and the practical industries of the age. The college shall have its own governing board, which shall designate the officers of administration and instruction, and other employees, determine their salaries, establish departments, subdivisions, libraries and laboratories and other agencies of education consistent with the objects of the college and perform such other duties as the Legislature may prescribe.

## Gouveneur Morris—"Father of the Penny"

AMONG all the framers of the Constitution of the United States none were more adept at constructive statesmanship than the "father of the American decimal system" and originator of the copper cent. The finish, style and arrangement of the Constitution fairly belong to the brilliant and eloquent Morris. From his youth to the hour of his death he was a devoted and dauntless worker for American progress. His unrivaled ability as an orator was known throughout Europe, and his funeral orations on Washington, Clinton and Hamilton are treasured American classics. Gouveneur Morris was an indomitable supporter of the Louisiana Purchase. He it was who rescued Lafayette from prison walls and aided him from his private purse. Personally he was every handsome; his nature was impulsive, but his heart was warm and generous. He loved society, and his hospitality was famous. All his life he drank the creative brews of malt and hops, and who will dare say that it weakened his will power or detracted from his success, his fame, his glory and his might? It was upon the tenets of the Constitution of the U. S. A. that Anheuser-Busch 58 years ago founded their great institution. During these 58 years they have daily brewed from the finest barley and hops beers famous for being alive with natural force and nutriment. Their great brand BUDWEISER, because of its quality, purity, mildness and exquisite flavor, exceeds the sale of any other bottled beer by millions of bottles. BUDWEISER'S popularity grows daily, and 7500 people are daily employed to keep pace with the public demand.

### A Mother's Love.

O mother's love, oh, soft and low  
As the tremulous notes of the lone  
dove's call,  
Or the murmur of waters that gently  
flow,  
On the weary heart those accents fall.  
A mother's love, the sacred thought  
Unseals the hidden fount of tears,  
As if the frozen waters caught  
The purple light of earlier years.  
A mother's love, oh, 'tis the dew  
Which nourished life's drooping  
flowers,  
And fitted them to bloom anew  
'Mid fairer scenes—in brighter  
bowers.

### News Letter of the State Department of Agriculture.

Thos. A. McGalliard, representing the Department, reporting on an itinerary covering the last two weeks of June and extending over parts of Northeastern and North Texas reports on crops in Lamar county, as late as June 26, as follows: corn, about normal (100 per cent); cotton, 95 per cent; wheat, 98 per cent; oats, 92 per cent; garden truck, 100 per cent; fruit, 100 per cent. The crops were then clean, with plenty of moisture in the ground. Since then, however, heavy rains have fallen in that territory, with probably deteriorating effect

# The Texas Dry Farming Congress

## Convenes at Eagle Pass, Texas, Aug. 16, 17 and 18

Interesting and Instructive Program

Begin Now Getting Ready to Attend

within the present season, canned and preserved 15,000 quarts of products, and have in their treasuries something over \$1,000.

Great preparations are being made for the Dry Farming Congress which meets at Eagle Pass August 17 for a three days' session. This is one of the most important organizations of the farmers of the State and the success of its meetings is being pressed with all the force of this Department. Eagle Pass is getting ready to do its "proudest" in receiving delegates from all over the State, and others interested in dry farming.

Geo. B. Terrell of the Department's marketing force, who has recently traversed much of East Texas, reports good meetings at Nacogdoches, Tenaha and Carthage during the last week of June. Fine rains, worth thousands of dollars to the farmers, fell throughout Panola and Shelby counties during that week. It was dry from San Augustine south and that section was needing rain.

Fletcher Davis, reporting from Lampasas as late as June 29, says that cotton throughout that section was then looking well but was needing rain. Oats will make an average of from 30 to 35 bushels per acre. Threshing was going forward rapidly. Range cattle in San Saba and Llano counties were looking well, but several localities were threatened with range fever.

J. O. Allen, reporting crop conditions from points in North and Northeast Texas as late as July 3, says: Northern part of Grayson and southern part of Fannin: Corn, 90 per cent; cotton, 95 per cent; garden and truck crops, 90 per cent; hay, 100 per cent; Irish potatoes, 60 per cent; sorghum, 100 per cent. Wheat will yield about 12 bushels to the acre, oats about 40. Quite an acreage of stubble land is being planted to summer crops—peas, peanuts, maize, etc. Conditions in Hunt and Collin counties for the last week in June were: Corn, 95 per cent; cotton, 85 per cent; sorghum and hay, 100 per cent; garden and truck crops, 90 per cent; Irish potatoes 65 per cent; peaches, 65 per cent. Wheat will yield about 13 bushels to the acre, and oats about 40. Rains good and conditions generally satisfactory. Cotton acreage cut 35 per cent.

The points in South Texas made during the last week in June by Judge Ed. R. Kone, representing the Department, were Jourdan, Pleasanton, Fowlerton, Poteet, Cotulla and Artesia. Reporting from Asherton he says: "My audiences at all points have been small. Would not average over twenty persons, except at Fowlerton, where I had an attendance of 325 persons and a splendid meeting. At all other points persons present were quite appreciative, but few in numbers. The route over which I have passed the last week the crop conditions are not so good as the previous week. This territory has suffered more from dry weather than that previously covered; yet the suffering in my judgment is more from late planting, poor seed selection, and want of conservation of moisture, and proper cultivation, than from dry conditions. Hence, you see where a farmer has done his duty he has a very fair crop."

Hon. D. C. Dove, visiting summer normals, with a wide range of itinerary, reporting June 29 on crop conditions says that South Texas was then needing rain, with corn in certain localities being damaged by drouth. Crop prospects throughout East Texas good.

### A. & M. COLLEGE AND UNIVERSITY DIVORCEMENT ELECTION JULY 24. BURGESS ARGUES FOR 34.

The following unanswerable reasons for the separation of the A. & M. College and the State University are from Hon. Richard F. Burgess, member of the Legislature from El Paso County. Mr. Burgess is a graduate of the University and is one of the strongest and most influential members of the University alumni.

Manager Executive Committee for the Promotion of Higher Education, Bryan, Texas.

Dear Mr. Milner:

In my opinion, House Joint Resolution No. 34, commonly known as the Sackett Resolution, should be adopted at the election to be held on the fourth Saturday, which is the 24th day of July, for the reason that the people of Texas, both as evidenced by declarations in Democratic platform, by resolutions of representative bodies of farmers, and by successive votes in the State Legislature, have definitely expressed their desire that the University of the State and the Agricultural and Mechanical College should be separated from each other and each given a distinct and independent status.

The Sackett Resolution presents this issue to the people of Texas in the simplest form. No question of bond issues is involved in it, and no proposal of a permanent tax levy. The division of the permanent endowment fund, as embraced in the resolution, was arrived at by mutual agreement and compromise, and is probably as just as can be reasonably expected.

The especial advantage to the Agricultural and Mechanical College will be that the College will be removed from the equivocal and uncertain position in which it now stands on perplexing uncertainty as to whether or not it is only a branch college of the State University, subject to the constitutional inhibition against appropriations for permanent buildings.

The equally important advantages to the University from the adoption of the Sackett Resolution will be the removal from the Constitution of the unwise and unnatural provision forbidding appropriation for permanent buildings. It is difficult to conceive how the University (which has long since outgrown its clothes) can ever be suitably housed until this provision has been voted from the Constitution, as would be done by the adoption of the Sackett Resolution.

I earnestly believe that only two intelligent courses are open to the people of this State concerning the University and the Agricultural and Mechanical College: Either they must be consolidated in government and organization, or they must be completely separated and allowed to work out their separate destinies.

If former expressions of the will of the people are still indicative of the desire of the people of this State, then the two schools must be separated.

That is the sole real issue to be voted on in July. It is not complicated, nor encumbered by any proposals of permanent bond issues, permanent tax levies, or other incidentals or side issues.

If the Sackett Resolution is adopted, a clear and definite policy will have been established by the people, and it will only remain for the Legislature and the governing authorities of the University and College to carry out the will of the people.

(Signed)  
RICHARD F. BURGESS,  
Of El Paso.

**Obituary.**  
Little Elvin Tondre, son of Mr. and Mrs. Adolph Tondre, died Wednesday, June 30, 1915, and was buried in the Catholic Cemetery at Castroville, Thursday morning.  
Little Baby Elvin was four years old at the time of his death, and, though his stay with us was short, his little life was filled with love, and his departure has caused many heartaches and stifled a voice that we all loved to hear. Yet it was the will of God who is All-wise and just.  
Another little lamb has gone, To dwell with him who gave,  
Another little Darling babe Is sheltered in the grave.  
Angels called thee, little Darling, Called thee to their sunny home, And we know that thou art waiting For the dear ones here to come.  
'Tis hard to break the tender cord When love has bound the heart, 'Tis hard, so hard, to speak the words Must we forever part.

God needed one more angel child Amidst his shining band, And, so he bent, with loving smile And clasped your Darling's hand.  
Oh, we long to hear the singing Of that bright immortal throng, Hear the gold harps gladly ringing In that happy land of song.  
They had a little treasure once, He was their joy and pride; They loved Elvin, Ah! perhaps too well For soon he slept and died.  
Dearest Elvin, we have laid thee In the peaceful grave's embrace, But thy memory will be cherished 'Til we see thy heavenly face.  
They miss thee from their home dear They miss thee from thy place; A shadow o'er our life is cast They miss the sunshine of their Darling's face.

And miss thy kind and willing hand And fond heart, too, Thy fond and earnest care  
Their dear home is dark without thee, They miss Elvin everywhere.

Sweetest, fairest, brightest flower, Darling of our heart's fond love; Oh, we miss thee every hour, Since the angels called thee up above.

Yes, we will miss him very much But our loss is Heaven's gain, And ere long we hope to meet him And forever there remain.

Angels called thee, little Darling, Called thee in thy early bloom; Now thy little form is lying In the cold and silent tomb.

Small, white hands are gently folded, Quiet now thy dainty feet; Brightest eyes are closed forever, Gone the smiles that were so sweet.

All is dark within their dwelling, Lonely are our hearts to-day, For the one we loved so dearly Has forever passed away.

Oh, Elvin, dear, we loved you so Our hearts ache with grief and pain, Dearest, Darling, we beg you pray for us

That in Heaven we'll meet you again.

Angels called thee, little Darling, From all care and pain away, To the realms of joy eternal, To that land of purest day.

We will miss thee, oh, so sadly, No sweet cherub now to kiss; But we'll meet thee, little Darling In the home of perfect bliss.

Therefore, dearest parents, Loving brother and sister, too, Weep no more for dearest Elvin, Far above he prays for us all.

BY A DEAR FRIEND WHO LOVED HIM.  
Devine, Texas, July 11, 1915.

**Professors Find Rats Healthy and Numerous.**

Crystal City, Tex., July 12.—Dr. B. L. Arms of the University of Texas, accompanied by Fletcher Davis of the Department of Agriculture, are here investigating a reported epidemic among the rats. It seems that some two months ago some rats were noticed in several sections of this country to have a disease that caused scabs over their heads and eyes, and which probably killed some of them. The condition was reported in the papers and this report was the occasion for this investigation.

While here Dr. Arms scoured the woods and fields and soon found and killed thirty-eight rats, all of which he pronounced perfectly healthy and fat. The epidemic, if it was one, of some two months ago seems to have disappeared completely and not to have visibly reduced the rodent population, which is very numerous. The pests are rather destructive in the fields and the farmers would welcome their disappearance.—San Antonio Express.

**STOMACH TROUBLE  
FOR FIVE YEARS**

Majority of Friends Thought Mr. Hughes Would Die, But

One Helped Him to Recovery.

Pomeroyton, Ky.—In interesting advices from this place, Mr. A. J. Hughes writes as follows: "I was down with stomach trouble for five (5) years, and would have sick headache so bad, at times, that I thought surely I would die.

I tried different treatments, but they did not seem to do me any good.

I got so bad, I could not eat or sleep, and all my friends, except one, thought I would die. He advised me to try

Thedford's Black-Draught, and quit

taking other medicines. I decided to follow his advice, although I did not have any confidence in it.

I have now been taking Black-Draught for three months, and it has cured me—haven't had those awful sick headaches since I began using it.

I am so thankful for what Black-Draught has done for me."

Thedford's Black-Draught has been found a very valuable medicine for derangements of the stomach and liver. It is composed of pure, vegetable herbs, contains no dangerous ingredients, and acts gently, yet surely. It can be freely used by young and old, and should be kept in every family chest.

**CALOMEL DYNAMITES YOUR LIVER!**

**MAKES YOU SICK AND SALIVATES**

"Dodson's Liver Tone" Starts Your Liver Better Than Calomel and You Don't Lose a Day's Work

Liven up your sluggish liver! Feel fine and cheerful; make your work a pleasure; be vigorous and full of ambition. But take no nasty, dangerous calomel because it makes you sick and you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into your bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

Listen to me! If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced, just take a spoonful of harmless Dodson's Liver

Tone tonight. Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tone under my personal money-back guarantee that each spoonful will clean your sluggish liver better than a dose of nasty calomel and that it won't make you sick.

Dodson's Liver Tone is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working; headache and dizziness gone; stomach will be sweet and bowels regular.

Dodson's Liver Tone is entirely vegetable, therefore harmless and can not salivate. Give it to your children. Millions of people are using Dodson's Liver Tone instead of dangerous calomel now. Your druggist will tell you that the sale of Calomel is almost stopped entirely here.

**Turning It Around.**  
"What's your boy crying for so upstairs?"  
"Oh, his mother shut him up in his room."  
"What for?"  
"She always does things by contraries. When we have company she thinks a child should be heard and not seen."

**How It Happened.**  
Mrs. Gotham—What! Another new hat, John?  
Mr. Gotham—Yes, dear.  
"But you couldn't possibly have worn out that other hat, already."  
"I know it. But the car porter and the boy at the barber shop wore it out for me."

**Answered.**  
"Young man," said the irate old gentleman at the lunch counter to the hard looking youth who was inhaling his soup with a gurgling sound and splashing it about the while, "what are you? A Colorado geyser?"  
"Naw," responded the soup juggler. "I'm a New Haven guy, sir!"—Harvard Lampoon.

**At the Cottage.**  
He—I didn't know it was so late. Are you sure that clock is going?  
Feminine Voice (from above)—It's going a whole lot faster than you are, young man.—Penn State Froth.

**Tempered by Circumstances.**  
"What is the only safe rule of action when you want a thing done?" asked the professor of social economy.  
"Order it rare," replied the student who dined at restaurants.

## LIFE'S LITTLE JESTS

**USING THE FRENCH LANGUAGE**

**Belgian Refugee Pained at Cheers Given by Students at His Description of Ruined Louvain.**

Professor Poussin, the Belgian refugee professor at Harvard, was pained at a dinner in his honor by the applause and cheers which greeted his description of ruined Louvain and wrecked Liege. But when it was explained to Professor Poussin that the Harvard professors and students had a very slight knowledge of French—he had spoken in French—his perplexity vanished, and he smiled.

"I see," he said, "I see. It is like the case of Mr. Smith. Mr. Smith, an American, said to his wife at a Paris restaurant:

"Strange! I spoke to the proprietor in French, and he didn't understand me."

"Well," said Mrs. Smith, "no wonder. He's a Frenchman."

**Genuine Art.**  
"That man says he wants his picture to look perfectly natural," said the photographer's assistant.  
"Make it as handsome as possible," replied the proprietor.  
"But he insists that he doesn't want the picture to flatter him."  
"He won't think it flatters him. He'll think that at last somebody has managed to catch the way he really looks."

**Nearly Caught Him.**  
Mrs. Bacon—Where were you last night, John?  
Mr. Bacon (in alarm)—Why, dear?  
"I heard you talking in your sleep."  
"You did? What did I say, dear?"  
"You said somebody had 'cleared you up good,' that's what you said."  
"Oh, yes; I was down to a Turkish bath, dear."

**No Good to Anybody.**  
"It's an ill wind that blows nobody good," said the ready-made philosopher.  
"I don't exactly catch the drift of your remarks," replied the man from Kansas. "But it sounds in a general way as if you might have reference to a regular cyclone."

**Not to Be Thought Of.**  
"What sort of fellow is Dubson?"  
"I don't like to criticize a neighbor, but I'd hate to owe him any money."  
"You mean he would ask you for it?"  
"Not only that, but he'd ask me for it in such a way I would probably get mad and pay him."

**Why He Was Shy.**  
"Thought you were to have that second installment ready yesterday on your car?" said the collector for the automobile concern.  
"I did have it," was the reply, "but I was arrested for speeding, and the judge seemed to need the money more than you did."

**GYMNASTIC DANCE.**

Mr. Portleigh—What are you going through all those crazy movements for?  
Mrs. Portleigh—I'm merely taking steps to reduce my weight.

**Indignant Denial.**  
"Are you going to rusticate this summer, Mrs. Comeup?"  
"Of course, we're not going to rust any way. We are going to take a handsome country place to shine."

**Doesn't Want to Find Out.**  
"The automobile is a constant source of expense, isn't it?"  
"I don't know. I never discuss those things with the friends who place their cars at my service."

**Where He Can Get Away With It.**  
"He has an artistic temperament."  
"What do you mean by that?"  
"He never abuses any but members of his own family."

## Every Woman Should Know

There are three entirely different kinds of baking powder, namely:

- (1) Cream of Tartar, derived from grapes,
- (2) Alum, a mineral acid, and
- (3) Phosphate of Lime.

(1) Baking Powders made of Cream of Tartar add to the food the same healthful qualities as exist in the ripe grapes from which Cream of Tartar is derived.

(2) Baking Powders made of Alum add to the food some form of Alum or Aluminum, a heavy metal, wholly foreign to any natural article of food.

(3) Phosphate of Lime is made from rock or by burning bones which by chemical action are changed into a white powder. It is used in baking powder only because it is a cheaper substitute.

A Cream of Tartar powder never contains Alum or Phosphate.

Every housekeeper should read the ingredients printed on the label and know what she is using.

**Commissioners' Court.**  
The commissioners' court was in session Monday and Tuesday, but besides approving a lot of scalp claims and making the tax levy, but little business of importance was transacted.

The tax rate for this year is the same as last, to-wit: 10c ad valorem, 12c road and 3c bridge, except in Precinct 2 and 4, where they have voted bond issues, and taxes for interest and sinking fund were levied.

Scalp claims to the amount of \$363.65 were allowed by the court.

**First Baptist Church.**  
At the Preaching Service next Sunday morning the pastor's theme will be "The Divine Law of Forgiveness." In the evening a special address to young people will be delivered, entitled, "That Something." All except the members of the church are invited to be present. The members of the church are reminded that to attend is their duty. "I was glad when they said unto me, Let us go up to the house of the Lord."

**Notice to Trappers.**  
Notice is hereby given that the following order was passed by the Commissioners Court of Medina County, Texas, July Term, 1915.

That hereafter, before any bounties for scalps of wolves or wild cats, are approved, the party presenting the scalps will be required to produce conclusive proof before the court that the said party killed the animal or animals after June 19, 1915, in Medina County.

All non-residents and professional trappers will be required to corroborate their affidavits by the testimony of the owners of the pastures from which the animals were trapped or killed, or by other good and sufficient testimony satisfactory to the court.

The fact that other adjoining counties are not paying the bounty, and that scalps are being smuggled into Medina County, makes it necessary for the protection of Medina County, that strict proof be required, and in the absence of same, any and all such claims will be hereafter rejected.

**SOME DIFFERENCE AT HOME**

**Small Boy Not at All Disturbed by Father Reaching for Strap While Aboard Trolley Car.**

They were speaking of the bright remarks of the little folks the other evening when this anecdote was recalled by Congressman Henry George of New York.

Recently a woman entered a crowded trolley where a man and a very small boy were sitting side by side. Instantly the man offered his seat to the woman and seized a strap.

"Isn't that gentleman your father, my boy?" gently asked the woman passenger, breaking into conversation with the youngster.

"Yes, ma'am," answered the boy. "We are going to the zoo."

"Well, since he is so much older than you, why don't you give him your seat?" remarked the kindly hearted passenger. "Don't you like to see him reaching for the strap?"

"Not in a trolley car," was the prompt rejoinder of young America, "but I do at home."
